We learn from Cullfornin that a fruit company, lu that State has apopted, an interesting method of drying po by which they are greatly lightened, so as to no more available for transportation. By the drying process four litthe of the weight is removed without rescen-tag the nutrificational of the potato or diminishing its excellence as food when cooled. It is reported that the company spaced in this pushess will acon have ready for market nearly a million pounds of deted pointoes, the original weight of which was about live million pounds. The life of drying polatoes for shipment is not novel; but we do not know that it has ever been corried out on a larger scale, in this country. Call-fornia is truly an enterpring State. Charles Foster, ex-Socretary of the Treasury, who is in New York, thinks that Mr. Uanca will be returned to the United States Separe. "Mr. Hadan," said Mr. Foster will be indersed for re-clecifor by the Republican State Convertion which meets June 23, and he will be sup-ported by Senator Forager and bla friends. So there is no doubt; on that Democrats will make a hard fight; berond a doub! and try in elect Joh; R. McLean. They will make the issue upon the ground that the promised prosperity has not come, and as the tariff bin will not have him to show its effect, they will doubtless gain some votes. On the other hand, I hardly expect the Demo-erats to show a united front. The Pood-lata, who have been allies of the Democrete, thay refuse to work with them, and so the Republicans will be benefited, as thoy will work in harmony, with Mr. Hanna. McLean is mot the united choice of his party, as he was bitterly denounced, in a recent convent on of that party by the chalrman, but if by any chance the Democrate get a my ,chosen to zo to the Senate." In acother place Mr. Jones said the de priced glass. Mr. Aldrich replied: "The priced glass. Mr. Aldrich replied: "The priced glass. Mr. Aldrich replied: "The priced glass and the glass list the same. Itila trun that a large plate coats more (pel square foot than a small one, for obetous reasons, but there is no difference in their uses or the classes, of people who use them." Some time ago it was the poor man's dinner pail that excited the Dr. sympathy of the Democratic editor a the time he was opposing a duty on tir plate. The result of that duty has been to establish a new industry in this country and to farmlah, the people with tin plate at a lower cost than ever.

Honesty vs. Hypocrisy. Mr. Grever Claveland at the time of his appearance at the dinner given by the New York Reform Club, claimed that the gold Democrats had been betrayed by the Republicans, who are now seeking to repair the damage done during Cloveland's second term by the passage of a protective tariff law. The idea advanced land's second term by the passage of a so Smith. The full story of the rective tariff law.
